

UberConference

Make every meeting matter with Voice Intelligence (Vi) technology and HD video conferencing.

Why UberConference?

ZERO HEADACHES

With just a few clicks, anyone anywhere can join your meeting.

- No PINs or downloads required
- One-click screen sharing
- HD video conferencing
- Simple user interface

EFFORTLESS MEETINGS WITH VOICE INTELLIGENCE

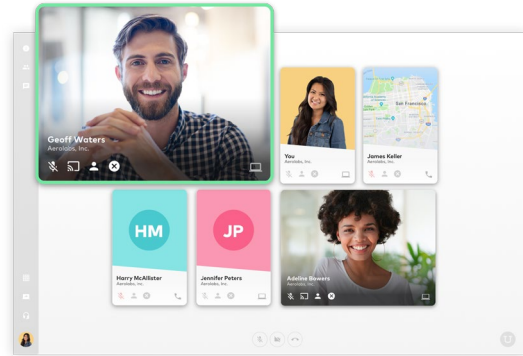

The only thing that matters is the conversation. Vi transcribes your meetings, capturing important action items and sentiment in real-time, so you can focus less on taking notes and more on contributing big ideas.

- Meeting transcription
- Transcription keyword search
- Action Item capture
- Sentiment analysis

WORKS WITH YOUR APPS

UberConference plays nice with the apps you know and trust, including:

- G Suite (Gmail, Google Calendar)
- Office 365 (Outlook, O365 Calendar)
- Slack
- Evernote

Two different plans to meet your needs

FREE

- HD-quality video conferencing
- Unlimited conferences
- Screen and document sharing
- Unlimited call recording
- Up to 10 participants
- Mobile app

BUSINESS

Everything in UberConference Free and also:

- Call transcription
- Action Item capture
- Sentiment analysis
- Transcription keyword search
- International access (over 50 countries)
- Up to 100 participants
- Custom hold music
- Analytics

The new UC Video interface is “best in class”. We have been able to replace all our conferencing technologies with UberConference.
