

COMPLIANCE CHECKLIST

Connect safely with the leader in compliant sales intelligence

GDPR

CCPA

ISO 27001

Notified database

GDPR does not allow the invisible processing of data. Cognism helps you stay ahead of global privacy laws, providing you with a **notified database** that meets GDPR & CCPA requirements.

Contact Notifications

☐ Show notified contacts only 

No B2C emails

Cognism **only provides business emails**. We have a proprietary business email generation procedure to ensure we don't hold any personal email addresses. We collect, process and share B2B data under the lawful basis of legitimate interest, as allowed under Article 6(1)(f) of GDPR.

Global Do-Not-Call lists

We cross-reference our telephone database against Do Not Call lists worldwide, including the US, UK (TPS & CTPS), France, Germany and others, making our **phone numbers safe for outreach**. Cognism users can toggle the DNC filter on/off by region.
