

Corpay Complete

Cloud-Based Software for Comprehensive Spend Management

Introducing Corpay Complete, the spend management platform designed to revolutionize the way your organization handles expenses. Whether you're a business manager overseeing corporate expenditures or an employee making purchases in the field, Corpay Complete streamlines all your workflows from start to finish. Our mobile-friendly platform enables you to customize modules to fit your unique business needs — all at the touch of a button.

Procure-to-Pay Solutions:

- **Purchase Orders:** Streamline procurement with on-the-go requests and approvals, and customize workflows to fit your unique processes
- **Invoice Automation:** Utilize AI and ML technology for automatic data extraction and precise 2- and 3-way matching
- **Payments Automation:** Simplify payments with a single file from your ERP while earning rebates

Card and Expense Management Solutions:

- **Corporate Cards:** Consolidate T&E, purchasing, and fuel card programs with robust administrative controls
- **Purchasing Cards:** Issue one-time-use cards with fixed amounts for seamless vendor payments
- **Expense Management:** Leverage paperless reporting and expense tracking with intelligent mobile and desktop applications

Plus, All Spend Management Solutions on Corpay Complete Include:

Vendor Onboarding

Easily collect and share documents with clients and vendors through a secure vendor portal.

Custom Workflows

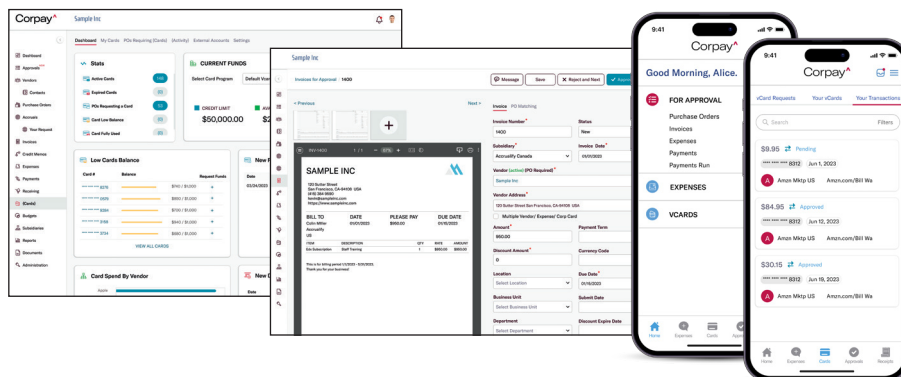

Tailor processes to optimize approvals, automate tasks, and enhance operational efficiency across all payments.

Seamless Integrations

Integrate with any ERP or accounting system through file transfer, including API-based integrations with NetSuite, MS Dynamics, Sage and QuickBooks.

U.S. and International Payments

Enjoy direct integration with all U.S. banks alongside global payments extending to over 200 countries.

ERP Integrations

With Corpay Complete, you can experience seamless integration with your ERP, streamlined data input, decreased billable hours for your finance team, and other benefits, including:

- Continuous sync with your ERP through our direct API connection, ensuring that your financial data remains consistently up to date
- Effortless reporting of invoice statuses directly to your ERP
- Improved financial oversight, enabling smooth monitoring of payment activities, identification of payment issues, and tracking of transaction fees
- Expedited reconciliation processes with general ledger systems, delivering faster and more accurate results to simplify financial closing procedures

About Corpay
