

TWO-YEAR COMMUNITY, JUNIOR & TECHNICAL COLLEGES RETURN ON INVESTMENT (ROI)

AWARDSPRING RETURN ON INVESTMENT FOR 2-YEAR INSTITUTIONS

We understand how important it is for 2-year community, junior and technical colleges to make cost effective decisions, and how doing more with less is what you're constantly asked to deliver.

To achieve this goal, imagine you're looking to hire a super-powered staff member who gets through 3x the work, reduces operational costs, and could double application volume, all while increasing enrollment and bolstering retention. You want to make sure they never miss a deadline, help you grow your endowment, and keep everyone happy from students, staff, to donors. You want to do all this, but you can only pay them a fraction of what you could spend to bring a new staff member on board. Sounds impossible, right? We'd like to apply.

INTRODUCING AWARDSPRING

Working with AwardSpring is like adding a full-time staff member to your team at a fraction of the cost. Our outstanding, easy to use software enables you to refocus your time from an overload of manual processes or complex and outdated systems to performing high-value development work with your donors and more efficiently awarding your students.

HOW DOES IT WORK?

Working with AwardSpring is like adding a full-time staff member to your team. Our outstanding software enables you to refocus your time from an overload of manual processes and paperwork to performing high-value development work with your donors and more effectively and efficiently awarding your students.

Save valuable time with automated matching, reviewing, and awarding.

Make salaries more efficient by redirecting time and effort towards your students, donors, and more.

Track and report on scholarships all in one place. Better, more transparent data means better-informed decision making when it comes to managing your budget.

Double application volume in your first year with our fool-proof and simple student experience.

Effortlessly award every possible dollar so your donors want to give even more.

Stay focused on your tasks at hand while our implementation team does the heavy lifting. In total, you'll spend just a few hours getting AwardSpring up and running.

Enjoy having a trusted partner fluent in the specifics in your program to provide timely, friendly support and training on demand.

Whether you have a smaller offering of just a few opportunities or you're an institution with thousands of scholarships, we have a pricing tier and support model that works for you.
