

The most secure and comprehensive Salesforce org health summary.

Hubbl Diagnostics is partnering with Salesforce to provide the most comprehensive view of your Salesforce health, complexity, and utilization.

- Get started in minutes!
- Easily share results with partners
- No installation required (not an AppExchange App)
- No customer data is ever accessed

Getting your results is easy!

HOW IT WORKS:

- 1**
Your Salesforce partner will send a "Scan Request" to your Salesforce Administrator via email.
- 2**
Review the instructional video and grant access using your Salesforce Administrator credentials.
- 3**
The scan of your Salesforce org will automatically begin.
- 4**
Your Salesforce partner will receive a notification once your scan is complete and review the results with you in detail.

What will you discover about your Salesforce org?

A whole lot! But here's a quick summary of some of the most impactful insights for you:

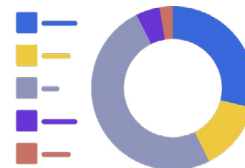

UNDERSTAND ORG HEALTH AND COMPLEXITY

See the relative health and complexity of your Salesforce compared to the rest of the ecosystem.

GET THE MOST FROM YOUR SALESFORCE INVESTMENT

Discover unparalleled insights into your Salesforce utilization to ensure you're using the clouds and features you pay for.

OPTIMIZE YOUR SALESFORCE ORG AND DRIVE ADOPTION

Identify any security risks, performance issues, and recommendations to create a fast, optimized Salesforce experience.
