ADP has made their jobs easier

“ ADP has so many partners and services and are so strong in the market that they can cater to us in a way a smaller provider couldn't. With ADP, we are more efficient, we have more reporting capabilities and we are saving time and money. ”

Albert Morales, owner, MG Building Services

ADP helps them stay compliant

“ ADP was extremely helpful when I needed paperwork to apply for the PPP — I had exactly what I needed from them. They had the document already prepared for my PPP loan application, and I got it approved right away, because everything was clear cut. I was really glad that I had been using ADP because they made it so easy to get approved for my PPP loan. ”

Laura Axelson, owner, Dinner Belle

They prefer ADP over previous payroll providers

“ I love ADP. It's a lot better than the other companies I've used, and I wouldn't switch. ADP brings the confidence of knowing that my employees will get paid, and that if I have a question, I can always call and get an answer. They're professional, and they know what they're talking about. ”

Jeannie Labor, owner, The Little Nail Shop

Switching to ADP is easy

“ As soon as our representative went over all the tools that ADP offered and assured me it was an easy, seamless process and one we could afford, I was sold. And she wasn't lying. We got started right away and it was a seamless process. ”

Jacqueline Sanchez, office manager, Beach Family Medicine

Spend 15 minutes or less running a payroll through ADP

“ Saving time is the big thing for me. Being the person who runs everything about this business other than manufacturing, time is a valuable commodity. RUN is incredibly quick, easy and efficient. It lets me instantly track vacation, sick and overtime hours, and the website is incredibly user-friendly. The fact that I can run payroll in 10 minutes — and that it always comes out right — is great. ”

Tony Piombo, co-founder, Forno Piombo
