

Optimize Your Healthcare Background Checks & Ongoing Monitoring

Seamless integration with leading HR and credentialing systems

Trusted by healthcare leaders

Since 1993, PreCheck has helped healthcare organizations optimize their background screening and compliance programs. Our mission is aligned with yours: “Connecting people with information to advance the quality of healthcare.” When partnering with PreCheck, you can be confident we have extensive experience with healthcare organizations just like yours.

OUR HEALTHCARE SOLUTIONS INCLUDE:

- Criminal Background Screening with Access to 200+ Countries,
- Drug Testing & Occupational Health Exams,
- Professional License & Board Action Monitoring,
- Healthcare Exclusion & Sanction Screening,
- Immunization Tracking & Record Management,
- Electronic I-9 & E-Verify Services,
- Automated Employment Verifications, and more

IMPROVE THE CANDIDATE EXPERIENCE

PreCheck’s technology empowers candidates to easily complete each step of the background check process. Our easy-to-use system allows candidates to supply all necessary information quickly and securely, providing them with a great experience.

MAXIMIZE SCREENING EFFICIENCY

PreCheck accelerates the background screening process by eliminating duplicate data entry from candidates and providing automated reminders to expedite each step. The result? Clients enjoy quicker turnaround times that reduce time-to-hire at scale.

SIMPLIFY PROGRAM COMPLIANCE

PreCheck’s healthcare-focused solutions can help you meet industry accreditation standards and comply with regulatory guidelines, including the Fair Credit Report Act (FCRA) and the U.S. Department of Health and Human Services (DHHS).

STREAMLINE HR TECHNOLOGY INTEGRATIONS

PreCheck partners with leading talent management and credentialing providers to enhance the background screening workflow. Our approach provides a solution that seamlessly integrates with your healthcare organization’s unique model.
