

easy board

About Easy Board

Easy Board is an award-winning platform that helps organizations like yours easily engage your board and connect your committees, documents, and meetings all in one place.

Easy Board was designed from the ground up with efficiency and excellent experience in mind for board members of all tech levels.

Benefits

Save time & look good with Easy Board's polished, super easy design.

Simplify meetings with a suite of integrated tools and time-saving features, including Magic Links that allow board members to access everything for the next meeting without logging in (optional).

Stay connected with board member profiles, announcements, and updates.

Highlights

Meetings & Announcements

Schedule meetings, gather input, build an agenda, and distribute important information with **no login required (optional Magic Links)**.

People

Get to know members of your board through unique profiles that highlight titles, roles, board terms, contact info, and more.

Groups & Committees

Place members into groups or committees, allowing them to share documents, send updates, and set up meetings.

Document Library & Access Control

Give your board members access to key board docs such as bylaws, financial reports, or marketing materials. Control access by groups or share with everyone.

Powerful Search

Type in a key word or phrase and you'll get a list of related documents, plus an excerpt from each document for easy context.

Convenient Security

Switch between multiple boards with a single click plus optional 2-factor authentication.

Admin Controls

Customize your organization's settings and delegate admin control for an even easier management experience.
