

# 7 Reasons why Sage Intacct is the right choice for healthcare organizations

1

## Healthcare functionality

Combine clinical data from your Electronic Medical Record (EMR) with your financials to track and report on critical KPIs and metrics.

2

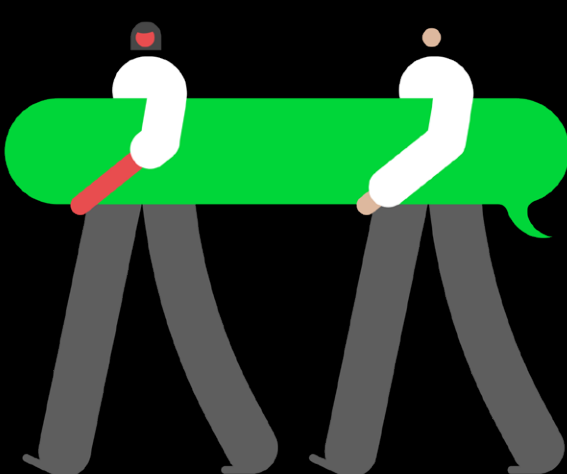

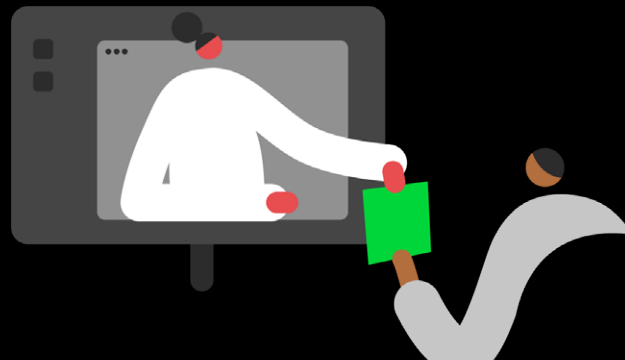

## HIPAA compliance

We'll sign a Business Associate Agreement (BAA) to keep your patients' Protected Health Information (PHI) secure within Sage Intacct.

3

## Industry expertise

Our healthcare experts understand your business and speak your language.

4

## HFMA Peer Reviewed

Sage Intacct is Peer Reviewed by the Healthcare Financial Management Association, with 100% of survey respondents recommending Sage Intacct to a colleague.<sup>1</sup>

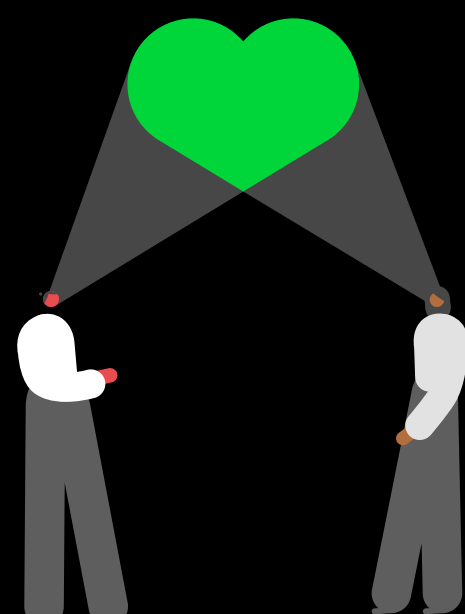

5

## Customers love us

We're recognized as a Leader in Customer Satisfaction by G2—consistently outscoring the competition.<sup>2</sup>

6

## Buy with Confidence

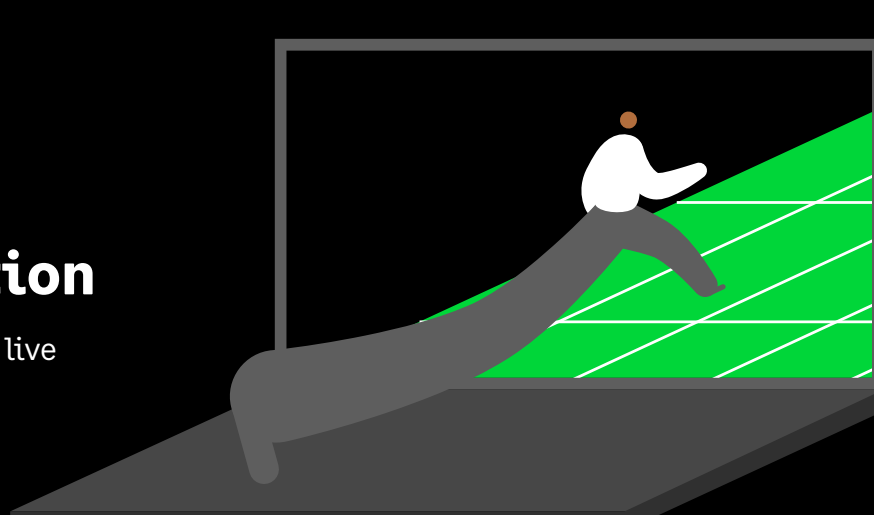

Sage Intacct offers one of the strongest service level agreements in the industry, backed by our Buy with Confidence Guarantee.

7

## Swift implementation

Sage Intacct customers go live faster than competitors.<sup>3</sup>
