Customize your recruitment workflow

Onboard volunteers with ease

Communicate on-the-go!

- Publish a **custom-branded recruitment page** with featured opportunities and application forms
- Create a **highly custom application form** with conditional questioning, automations and more!
- **Leverage automations** to auto-assign onboarding sequences, opportunities, profile tags, and more!
- Screen new applicants & add them directly into your database **without any manual data entry!**
- **Track applicant statuses**, view submission data in a table or individually, and export to Excel or PDF!

- Assign new applicants to **step-by-step onboarding sequences**
- **Allow users to interact with the onboarding process in real-time** & get notified along the way
- Seamlessly track background checks, document collection, interviews, orientation, training, videos, etc.
- Apply screening checklists on the opportunity-level for more in-depth screening
- Stay in the loop with expiry dates, notes and so much more!

- Assign profiles to opportunities to group them by job, program, event or anything else!
- Create **custom communication lists** and unlimited custom database views
- Integrate your email domain and **send emails** directly from Vome
- Communicate via **1-1 or group chats (instant messaging)**, or leverage auto-generated chatrooms
- Send and receive chat messages via the **Vome app**

Learn more about why organizations are choosing Vome!

The screenshot displays the Vome platform's user interface. At the top is a calendar view for June 1st to June 30th, 2024, showing various scheduled events and volunteer opportunities. Below the calendar is a list of user profiles with filters for name, profile status, and categories. The interface then transitions into an 'Adult Onboarding (18+)' section, showing a sequence of steps: Step 1 (Background Check), Step 2 (Interview), and Step 3 (Orientation). The final section shown is a reporting dashboard with metrics like '17 Followers', '37 People', 'Page Views Last 28 days', 'Opportunities Last 28 days', '606 Hours logged', '\$18331.5 Impact value', and '73 Page Views +104.71%'. The entire interface is designed for managing volunteers and tracking their impact.

"Loving Vome. Definitely has been a huge help. It has been so much easier keeping track of hours and who we have on our team of volunteers using this technology. During our busiest time, Vome has helped our center streamline applications. So glad we made the change!"

Gia Mannone

Director of Day Program Services
Long Island Alzheimer's & Dementia Center
