Why Transitioning
to a NEW EMR
with STRIDE
is Easier

Switching EMRs is Easier Than You Think—With the Right Partner

Switching EMRs Is Easier Than You Think—With the Right Partner.

Stride helps PT clinics move off legacy systems without disruption, burnout, or billing delays.
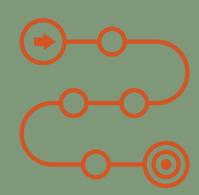

Here's how we make it work.

STRIDE

You're Not Wrong to be Nervous

Most clinics hear switching EMRs means:

→ Lost Data
→ Weeks of Chaos
→ Staff Burnout
→ Claims on Hold

With Stride, it's different.

Here's what the switch really looks like with Stride:

Stride Transition Timeline

PHASE 1
Preparation
8 - 10 weeks before launch

PHASE 2
Kickoff
6 - 8 weeks before launch

PHASE 3
Configuration & Training
2 - 4 weeks before launch

PHASE 4
Go Live
1 week before launch

PHASE 5
Launch
Launch week

PHASE 6
Stabilization and Continuous Improvement
Post launch

No downtime. No disruption.

Your team gets training tailored to their role

60-minute sessions for:

→ Therapists
→ Front desk
→ Super users
→ Billing - claims
→ Billing - remits
→ End users

All sessions are recorded. Staff can revisit anytime.

SWIPE →

You Don't Have to Redo Every Evaluation

Stride's *Progress Note – Transitional* lets you pick up care plans where you left off.

- → It's billable
- → It tracks goals + visit counts
- → It saves therapist's time starting on Day 1

Go live with the essentials, add extras when you're ready

After launch, you can turn on:

→ Digital faxing

→ Online scheduling

→ Card processing

All optional. All supported.
No extra software required.

You don't need to muscle through a messy EMR transition

Stride has the plan, the people, and the process to help your clinic make the switch confidently.

NEXT:
Download the Transition Plan & Checklist
and see how simple your switch can actually be.

Stride is a new generation of EMR - a single-system practice management platform built to meet the real-world needs of outpatient therapy clinics.

Stride delivers a truly complete solution—bringing together online practice marketing, fully digital workflows, and embedded AI that supports every stage of the patient and clinic lifecycle and powers the entire platform.

From automating clinical documentation to filling open appointments and streamlining day-to-day operations, Stride replaces outdated manual processes with intelligent automation that reduces administrative burden.

The result? Faster, more personalized care, fewer clicks for staff, and a system that enables growth without added complexity—delivering real ROI from day one.
