

# EZFacility

The leader in multi sport management software.

The screenshot displays the EZFacility software interface. The top section shows a calendar for the month of November, with days of the week (SUN, MON, TUE, WED, THU, FRI, SAT) and dates (1-30). The calendar is color-coded by activity: orange for 'Some kind of rental', purple for 'Personal Training', and teal for 'Yoga'. A sidebar on the left contains navigation options: Dashboard, Schedule, Clients, Groups, Attendance, POS, Check-in, and Time Clock. Below the calendar, there is a 'Check-in Dashboard' with four gauges for 'Baggage' (4 Active, 21 Available), 'Weight Room' (1 Active, 1 Available), 'Yoga Studio 1' (2 Active, 8 Available), and 'Side Entrance' (1 Active, 14 Available). Below the gauges is a table of check-ins with columns for Client Name, Member ID, Main Check-in Station, Secondary Station, Check-in Time, Check-in Duration, Check-out Station, and Check-out Time. The table lists several check-ins for 'Mike Smith' and 'Kevin Baker' at various stations and times. A 'Capterra 4.5' badge is located in the bottom right corner of the screenshot area.

## One Platform. Every Sport. Total Control.

EZFacility keeps you in the game—focused on your teams, not your tasks. Our software streamlines scheduling, league management, billing, and much more.
