

Benefits of having a dedicated account manager

- ✓ Industry expertise and use cases
- ✓ Advocate for custom solutions including custom integrations, features, and reporting
- ✓ Workflows, find ways to fit TEA better in your operations
- ✓ Personalized training – FREE
- ✓ Support for group codes and account configuration (including user setup)
- ✓ Lead the onboarding and roll-out across multiple teams/branches
- ✓ Setting up users, text inboxes across teams/branches
- ✓ Serves as the client's liaison to our Product Team (helps collect feedback & brainstorm new ideas)
- ✓ Share best practices/strategic insights - we have tons of knowledge about their industry and how their industry uses messaging
- ✓ Your AM can bridge the gap between your ATS company and Text-Em-All with you
- ✓ Custom pricing and billing options
- ✓ Seasoned product experts

Focused on your success

We help deliver personalized, informational text messages and phone calls fast – whether they're going to five people or 5,000. No limits on the size of your groups, number of contacts, message speed, or members of your team needing access.

As experts in our field we're committed to keeping things simple, getting the details right, and building win-win relationships with customers like you.

Transparent pricing with no contracts or hidden fees.
