

# Adding Branch: Simple, No-Cost Rollout

Branch integrates seamlessly with many workforce management and payroll systems. Because Branch requires no changes to your pay process, that means you can offer financial benefits to your employees almost instantly.

After an **Enrollment Form** is signed, the rollout process typically requires minimal internal resources:

## YOUR COMMITMENT:

- 1-hour Initial Report Setup
- 15-minute Weekly Payroll Deduction Process

## WHAT BRANCH COVERS:

- + Branch-led Rollout Call with HR & Payroll Reps.
- + Product Evangelism including Posters, Promotional Graphics, and Email Scripts
- + Debit Card Sign-up & Distribution
- + Direct Deposit Setup (Eliminate Paper Checks)
- + Employee Onboarding Support
- + Dedicated Customer Success Leader

## Turn-key solution that can strengthen employee retention by 15% or more No Commitment, No Minimums, No Obligations

Adding Branch is a no-cost way to add financial wellness options to your voluntary employees benefits for all employees. Our experienced Customer Success leaders are ready to help your team reduce payroll administration costs and offer on demand pay options employees want.

Contact your **Branch Sales Rep** to setup your pre-launch call.

## COMMON QUESTIONS

### Are you actually free?

Branch is free for both employers and employees to setup and use. Instant wage access is free to the Branch Wallet. Funds can be transferred via ACH to an external account or used on the optional Branch debit card at no cost. We work closely with your company to minimize resource load.

### Does my company front the money?

Branch fully funds all advanced wages. No escrow or pre-funding is required.

### If an employee misses a payment or leaves, does the company cover the costs?

Your company is not responsible for employee missed or lost payments. Branch will try to recoup the funds directly from the individual. Service for that use is suspended, but we never charge late fees, add interest, or report to credit bureaus.
