

Bring order to creative chaos with Lytho's AI Teammates

Creative work just got a whole lot easier.

Your team juggles a lot — from creative strategy to brand compliance, project tracking, and reviews. Lytho's AI teammates, the Guardians of Creative Control, take on the repetitive but necessary tasks so your people can spend more time doing what they do best: creating outstanding work. The Guardians of Creative Control quietly handle the grind efficiently so you can shine — launching faster, staying compliant, and scaling without burnout.

Talk to your Client Success Manager about early access to these new teammates

Brand Police

Instantly checks and fixes off-brand assets before they go live.

Creative Ops Analyst

Monitors team health and workflow to crush bottlenecks and burnout early.

Compliance Cop

Flags legal and accessibility issues to protect your organization from costly errors.

Project Management Overlord

Gives campaign-level insights, like timeline and dependency trends, without a single spreadsheet.

DAM Librarian

Finds the right asset fast with facial recognition, tagging, and filters — no manual hunting.

Twin Reviewer

Reviews work like your boss — or whoever needs to weigh in — to get faster sign-off.

Less busywork. More brilliance.

- Launch sooner: Cut weeks off time to launch
- Stay flawless: Eliminate brand and legal slip-ups
- Protect focus: Reclaim time for big, high-impact ideas
