

Comp AI

# Phases

## Phase 1: Automation (10min)

- Onboarding
- Generates custom policies, vendor assessments and risks
- Trust center set-up

## Phase 2: Implementation (Less than 5 hours)

- White-glove onboarding with your new compliance team
- Quick call (or async) to walk you through the process and put a plan of action together
- Comp AI team will set up automated evidence collection
- We give you clear tasks when we need something specific

## Phase 3: Audit (Handled by Comp AI)

- We organize and prepare manual penetration testing
- We manage the audit process with external 3rd party auditor companies
