SELF-SERVICE, MANAGED SERVICES, OR A BLEND OF BOTH

Cleo

SELF-SERVICE

Comprehensive self-service integration capabilities to design, build, and optimize end-to-end business processes.

TAKE BACK CONTROL
Eliminate reliance on third-party B2B integration providers and start working on your timeline.

SKIP THE SUPPORT QUEUE
Pinpoint errors by searching specific partner/issue ID and rapidly resolve transaction or configuration errors.

ACCELERATE ONBOARDING
Duplicate existing maps, make changes as needed, and publish new integrations to onboard new trading partners faster than ever.

MANAGED SERVICES

Global teams work around the clock to onboard trading partners, add or change maps, and fulfill any other service requests with expediency.

MAINTAIN COMPLETE COVERAGE
Extend your team with our team of experts and keep operations in check through 24/7 monitoring.

GAIN GLASS-BOX TRANSPARENCY
Obtain the ability to look into ongoing integrations, find what you need, and make informed decisions faster.

MITIGATE THE SKILLSET GAP
Reduce reliance on your company's internal resources and allow the Cleo Service Team to onboard any and all new trading partners.

BLENDED SERVICES

THE BEST OF BOTH

Cleo offers a hybrid, blended approach that combines the control and flexibility of our self-service model, with the convenience and expertise of our managed services model.

FLEXIBLE, CUSTOM PLANS FOR YOUR UNIQUE NEEDS
Create a personalized approach where responsibilities are divided between your company and Cleo.

PERFECT BALANCE OF CONTROL & EXPERTISE
Combine the control your company needs with the expertise and knowledge of a global support team with 900+ years of B2B integration expertise.

SCALE EFFORTLESSLY
Seamlessly tap into Cleo's 24/7 managed services when demand increases or to shield your organization from integration complexity.
