

CharityAuctions

Let Us **Be** The Difference While You **Make** A Difference

All-in-one platform built for nonprofits, schools, and community organizations. CharityAuctions.com lets you launch online, in-person, or hybrid auctions in minutes—complete with mobile bidding, real-time analytics, donor profiles, task delegation, and AI-driven tools to boost engagement and deepen impact.

The easiest to use fundraising software in the industry:

Auction Management

Online, live, or hybrid auctions from one dashboard. Track bids, winners, and revenue in real time.

Payment Processing

Accept cards, Apple Pay, Google Pay, Venmo, and more with secure, instant deposits.

Donor CRM

See all donor's giving history, bids, & event participation. Send personalized thank-yous & track engagement.

AI-Powered Insights

Launch mobile auction pages that inspire participation & highlight your mission.

Marketing Tools

Promote your auction with shareable links, email invites, and social posts

Analytics & Reporting

Monitor live bidding data, set fundraising goals, & export detailed reports

Mobile Bidding

Let supporters bid from anywhere — at the gala, at home, or on the go. No app required.

Item Management

Upload, organize, and showcase unlimited items w/ images, donor credits, & custom categories.

Ticketing & Registration

Sell tickets, manage guest lists, and track attendance all in one place.

Create an account for free, no contracts, and one of the lowest platform fees in the industry. **Just 3%**

Our school has used Charity Auctions for several years now. We've had great success with the platform in an online format. The site made it so easy to sell tickets, track attendees vs bidders. **There are so many great features in this platform that would take forever to handle manually.**
