

COMPLIANCE WITHOUT THE CHAOS

CMMC Compliance Made Simple

Achieving CMMC compliance is essential for defense contractors, but navigating the complexities can be overwhelming.

Trava provides a structured, expert-led approach to help you meet CMMC requirements efficiently and with confidence.

how Trava helps

Trava supports both Level 1 (Foundational) and Level 2 (Advanced) CMMC compliance requirements—delivering the services you need, matched to the level you're pursuing.

- // **PROJECT MANAGEMENT EXCELLENCE:** We organize policies, controls, and task assignments for a seamless compliance journey.
- // **EVIDENCE GATHERING:** We ensure you have the right documentation to prove compliance.
- // **INTERNAL AUDITS:** Our experts assess your security posture to keep you on track.
- // **EXTERNAL AUDITOR COLLABORATION:** We work directly with auditors to make the process smooth and efficient.
- // **TABLETOP EXERCISES:** We'll put your BC/DR and IR plans to the test, so you're ready for anything life throws your way.
- // **GRC TOOL SUPPORT:** We help you find and implement the right GRC platform or work within your existing system to streamline compliance.
- // **ONGOING MONITORING & SUPPORT:** After certification, we don't disappear. We help maintain your compliance posture and prepare you for future assessments.

why companies trust Trava

- // **EXPERT GUIDANCE:** Assist in identifying CMMC scope and compliance requirements.
- // **READINESS ASSESSMENT:** Conduct gap assessments creating a roadmap aligned with NIST 800-171.
- // **SSP & POA&M HELP:** Develop and maintain your System Security Plan & Plan of Action & Milestones.
- // **COMPLIANCE SUPPORT:** Assistance with Self Assessments and coordination with C3PAOs
