

Lynq® Agent IQ

Growth driven by relationships. Relationships driven by Lynq.

Lynq is the leading relationship banking platform powered by AI that turns everyday interactions into opportunities for growth.

Extend the magic and trust of your in-branch experience across chat, voice, and video by combining the power of AI with the human touch to improve efficiency, deepen relationships, and drive growth.

Growth powered by relationships

24%

higher average
balances

3X

more likely to have
checking and loans

3.9X

applications being
funded when engaged
with chat

Efficiencies powered by AI

6X

increase in actively
managed relationships
per banker

79%

handled by AI
self-service

70%

overnight call
reduction

Powering growth through every stage of your account holder journey.

Lynq helps you deliver seamless, relationship-driven experiences from acquisition to retention.

Engage on a whole different level.

- ✓ AI self-service that delivers instant answers and automates routine requests
- ✓ Chat, voice, and video that bring the in-branch experience to digital channels
- ✓ Dedicated banker configuration that gives every account holder a consistent, personal contact
- ✓ Proactive outreach that helps staff engage at the right moment, every time
- ✓ Conversation insights that reveal trends, needs, and growth opportunities

We've always believed in differentiating our bank through building relationships. Now, we can do that in a whole new way.

Michelle Hamilton
CMO, Park National Bank

Trusted by innovators in relationship-driven growth.
