PARAMIFY

# Get the Best ROI With Automated FedRAMP Compliance

Compliance done wrong becomes a big, scary money pit.

If you run into problems you don't foresee or use an advisor who can't deliver as promised you could spend a million+ dollars without any added revenue in sight.

Whether you're already in this situation or want to avoid it, Paramify can help you do compliance right while cutting your costs and timelines.

Save Money, Move Fast With Paramify.

We'll help you streamline your security – fast, inexpensive, accurate documentation happens to be the byproduct.

Save time, spend $120,000+ less, and avoid wasting money on inefficiencies when you use Paramify:

- In an hour or less, you'll get a living gap assessment dashboard that becomes a roadmap to your compliance goals.
- Dashboard streamlines your implementation process and keeps your team or advisor focused on excellent security outcomes.
- Accurate, audit-ready documentation writes itself as you mark your control solutions. Generate in 1-7 days.
- Manage monthly vulnerabilities and POA&Ms in half the time with smaller teams.

Rob Wise
CTO & Co-Founder, Aumni

Paramify's approach is brutally efficient: simple to maintain, easy to understand, and rapid to deploy

---

**You could pay more and spend longer on compliance...
But you could also not.**

PARAMIFY	**MANUAL**
Living Gap Assessment Living gap assessment becomes your compliance roadmap	Stagnant, expensive gap assesssment
Automate Documentation Generate automated documentation in 1-7 days	6-24+ months to manually write documentation
Accurate Documentation 40% faster time to authorization with accurate documentation	Human errors require rounds of corrections & invite auditor scrutiny
Automate POA&M Documentation Accurate POA&Ms in half the time w/o the headache. Don't miss deadlines with easy to manage to-do items.	Spending 40-60 hours a month documenting POA&Ms.
Consistent Savings Predictable budgets. Save $120,000+	Unpredictable costs, spiraling budgets
