

Texting & calling for better healthcare

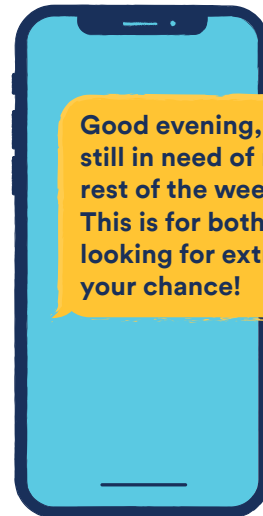

Health care professionals can reach large groups and text patients, caregivers, and staff with our messaging solutions. Reach contacts faster, and focus on more important things.

Our services are simple, easy to use, and reliable. We offer no contract, transparent pricing plans. We provide 24/7 customer service that is professional, knowledgeable, and personable.

Make missed appointments, forgotten medications, and unfilled shifts a thing of the past. Create your free account today and get started in just a few minutes.

Some great ideas for usage:

- Appointment Reminders
- Staff Notifications
- Open-Shift Alerts
- Patient Wellness Checks
- Flu Vaccine Reminders
- Emergency Alerts
- Office Closures
- Holiday Reminders
