When you work with us, you'll find that there is an entire customer experience engine designed to maximize the value of your investment with our products. **We're more than a platform. Click to learn more on how we support our clients!**

CSRconnect's Giving Manager allows employees to easily engage with their preferred charities, find new charities to engage with through our powerful search and filtering tools, and participate in any focused giving campaigns your organization promotes- including disaster relief and peer-to-peer fundraising. Users can monitor their donations and matches through an intuitive donation history dashboard that also provides maximum visibility into the payment distribution process.

Volunteer Grants

Volunteer Grants

CSRconnect's Volunteer Manager provides comprehensive and configurable features to manage and encourage participation in volunteer programs. Users can quickly find and register for volunteer events, manage their skills profile and find skills-based projects, create recurring hours, and participate in volunteering incentives like volunteer time off and dollars-for-doers.

Track Board Service

Activity Details

GrantsConnect is a highly self-serviceable platform, and provides clients with all the tools for grant lifecycle management. Its user-friendly design allows clients to efficiently manage their grant programs with tools like automated workflows, language and currency conversion, communication tools, and so much more. With the ability to manage multiple programs, budgets, and funding sources like cash vs. in-kind, GrantsConnect truly is a one-stop shop for managing community investment programs.
