YourCause® from Blackbaud

Supercharge Your Impact Reporting

Showcasing your social impact has never been easier.

Our top-tier employee engagement and community investment solutions from YourCause are supported by the most powerful portfolio of reporting tools available in the market, including AI capabilities you can only find at Blackbaud.

Meet Impact Edge™ from Blackbaud

Complimentary Impact Dashboards. Visualize your impact through dynamic data visualizations that highlight trends and metrics across your programs—grants, employee giving, campaigns, volunteering, employee groups, charity trends, and more. Use intuitive filters to explore impact stories by geography, time period, activity type, and the nonprofits benefiting from your work.

Charity Discovery Tool. Get the power of outcomes reporting, including predictive insights, at your fingertips leveraging our proprietary partnership with True Impact and data enrichment with Candid.

Go further™ with AI-powered reporting. Enhance your reporting with a proprietary, private AI chat feature that delivers precise narrative insights into your social impact. Get fast answers to complex data questions, saving time and boosting accuracy. You can also transform responses into exportable charts and graphs to visualize your impact with clarity.
