

Welcome to Kudos & Core Values

A simple way to boost engagement and positive culture

Kudos is a feature in Workhub that allows team members and managers to recognize great work, celebrate achievements, and reinforce positive behavior across the organization.

Each recognition is tagged with **color-coded core values**, making it easy to spot patterns, celebrate what matters most, and recognize recurring strengths across your team.

Recognize Exemplary Actions

Research shows that giving praise to someone for a behavior makes them more likely to repeat that action in the future. Kudos & Core Values is an easy venue for this praise to happen.

Promote Organizational Alignment

All kudo posts have to be linked to one of your organization's core values, making your company culture top-of-mind. The more exposure a worker has to your core values, the more likely they are to act in alignment with them.

Reward Contribution

Kudos & Core Values has flexible settings to allow rewarding points to receiver and sender, allowing you to encourage participation. You can also choose how frequently workers are able to participate to match your needs and processes.

Why use Kudos?

- Builds a positive and engaged workplace.
- Encourages peer-to-peer recognition.
- Reinforces compliance wins and collaboration.
- Helps teams feel valued and motivated.

How it works?

Discover Kudos

01 Configure Your Program

Define your organization's core values, set how often team members can send Kudos, and determine how many points are awarded for each submission. Select the person you'd like to recognize.

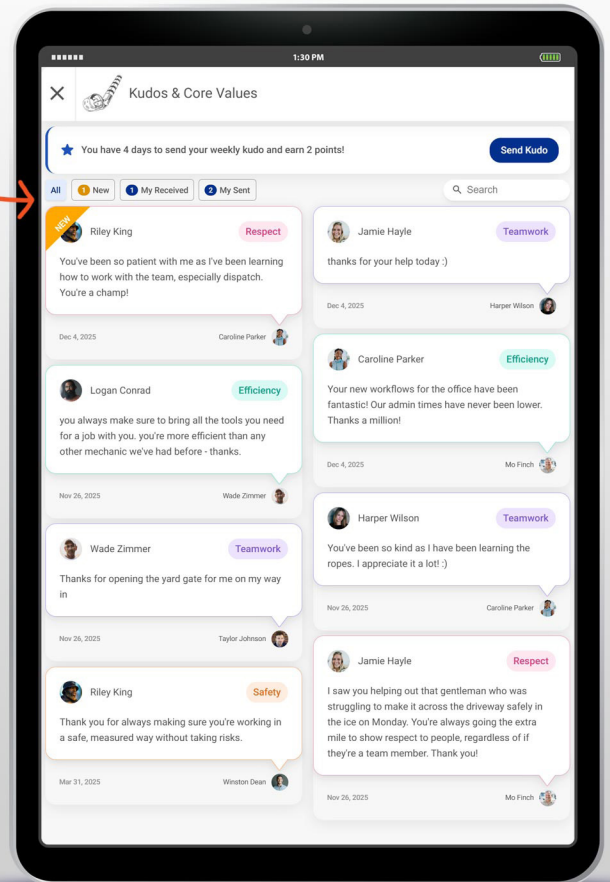

02 Encourage a Culture of Recognition

Share what they did and why it matters. Team members can recognize peers who reflect your core values by sharing stories that highlight great work and positive behavior, helping your culture grow naturally.

03 Track and Celebrate Impact

Watch your Kudo Board come to life as recognitions are shared, making your company culture visible and celebrating contributions across your organization.
