

Acuity PPM

Acuity PPM Named a Champion in Project Portfolio Management

SoftwareReviews, a leading source for insights on the software provider landscape, has published its **2025 Project Portfolio Management – Midmarket Emotional Footprint Report**, where vendors were rated across key customer relationship metrics and value drivers that make up their overall customer experience (CX) score. SoftwareReviews collects extensive customer experience data from business and IT professionals to produce detailed and authentic insights into the experience of evaluating and purchasing enterprise software.

Acuity PPM is a Champion in the category, earning an overall **CX score of 8.7/10**. Here we showcase some of the top accolades customers have given Acuity PPM.

From a PMO perspective, Acuity PPM will make your life infinitely easier.

BUSINESS LEADER, INSURANCE

It's like buying a Ferrari at a low cost.

BUSINESS LEADER, INSURANCE

97% Renewal Rate

A high renewal rate can be seen as an indicator of the value that a solution provides, as well as its ability to deliver a positive ROI over time.

Project Portfolio Management

Acuity PPM received exceptional feedback on its multi-project, multi-program oversight and comprehensive high-level reporting on progress and costs.

Acuity PPM is incredibly straightforward in its approach to managing complex project portfolios and resource management. It has a clean and easy to understand UI, it is feature rich and constantly evolving. The vendor is very customer-orientated and actually listens to problems, questions and enhancements that users may have. It has transformed our portfolio and project management into an efficient and well-oiled machine.
