

POWERFUL DIGITAL COMMUNICATION for the modern business

At-location plug-and-play communication - on the cloud.

Reach 5x the people you currently do

Today's fast-paced world demands innovation. Businesses are increasingly looking for new and innovative ways to communicate with their customers and employees - and for that, dynamic, intelligent displays are essential.

L Squared makes it easy to set up and customize engaging digital content for screens across your space.

Control and update all your screens from one location - without needing IT support!

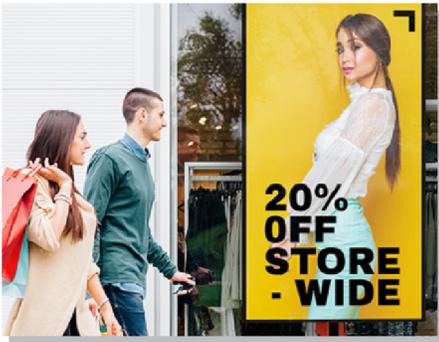

Schedule content in advance or update screens in real-time.

Utilize rich media and dynamic widgets such as videos, wait-time reports, and social media integrations

BUILT FOR MODERN BUSINESSES

Retail

Increase sales by displaying dynamic ads or switch to product demos on demand.

Education

Make student registration organized and efficient or quickly display updates during emergencies.

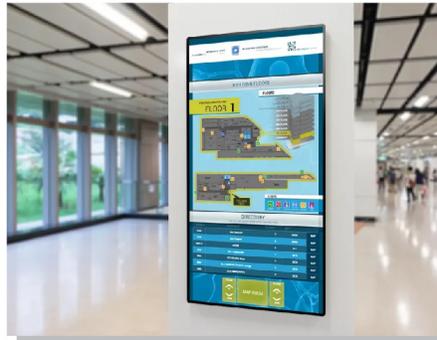

Enterprise

Dazzle visitors with stunning video walls and maintain consistent brand messaging across campuses.

Healthcare

Enhance patient experience by engaging patients while they wait and enabling swift staff communication.

Hospitality

Make wayfinding for visitors a breeze and improve guest experience with in-room entertainment.

Manufacturing

Display live business data to keep workers informed and broadcast live TV during their down time.

WHY L SQUARED?

1 hour deployment of our enterprise-grade turnkey solution

Live agent support in under 4 hours & 99.9% uptime guarantee

Customizable dashboard with 1-click app integration
