

Assess, interview, & hire

Hiring simplified

Testlify is the all-in-one skills assessment and interviewing platform built to reveal real talent and cut bad hires.

While resumes can be manipulated & interviews can be gamed, skills testing reveals true capability.

With 3,000+ expert-validated tests covering 5,000+ roles, 15+ languages, and enterprise-grade proctoring, Testlify delivers the affordability, accuracy, and scalability you need to spot top talent fast.

3000+ tests covering both technical & non-technical skills

Blue collar	Coding	Cognitive ability	Engineering skills
language	Personality & culture	Programming skills	Role specific skills
Situational Judgement	Software skills	Typing Tests	

Explore the tests in various Languages
