

A Global Ledger That Reports Itself

Eliminate the manual tax headache with an intelligent TPSO platform that automates reporting as you pay.

CAPTURE DATA

W-9/W-8 collection at onboarding

DATA VERIFIED INTELLIGENTLY

Real-time TIN and watchlist matching

INTEGRATED TPSO SHIELD

Automated tracking and liability

DEPLOY 1099-K

Intelligent global filing

Your Global Ledger is Now Smarter

Take the burden completely off of your team with Xtrm's Intelligent Compliance Engine.

Our platform turns your payout history into a self-filing system. Because Xtrm acts as a Third-Party Settlement Organization (TPSO), **we intelligently capture required tax identities (W-9/W-8) during onboarding and automatically generate the necessary reports on behalf of all of our clients.**
