FACILITY AND CLINICAL ENGINEERING MAINTENANCE

Custom-Fit Maintenance Software for Your Organization

DirectLine by Megamation has been enabling maintenance and operations professionals to improve efficiency, enhance asset reliability, reduce costs, and deliver data-driven decisions since 1984!

Why Megamation

DirectLine is trusted by hospitals, long-term care, and healthcare networks across North America. Proven to cut costs, reduce downtime, and improve compliance.

Integration Without Limits

- Seamless integration with enterprise platforms, specialized clinical tools, and legacy systems.
- AI + API framework makes data sharing faster and more comprehensive.

Adaptive AI-generated Checklists

- Ensure compliance and adjust dynamically to your facility's evolving needs.
- Create follow-up work orders at the task level.

Reporting That Drives Decisions

- KPI reporting for ultimate flexibility.
- Works seamlessly with Power BI or your preferred reporting tools.

AT-SITE Mobile Flexibility

- Scan barcodes and QR codes.
- Collect time and parts information for scheduling.

Implementation, Training & Support

- 40+ years of healthcare CMMS expertise.
- Unlimited online training, personalized support, and consulting.
- Our consultants guide you every step of the way.
