Droplr

Business Benefits

Reduce Communication Drag

Produce more in less time with the Droplr platform. Droplr is a suite of communications tools that assist your existing infastructure and production process so your team can acheive more.

Saving Time Saves You Money

Droplr users communicate more effectively and spend 20% less time doing it. Are you ready to save time and increase production?

- **Eliminate lengthy back-and-fourth conversations with audio/visual feedback**
- **Spend less time explaining and more time creating.**

Time (Money) Saved Using Droplr

	_____	Number of Employyees
x	2	Hours/day Communicating
x	260	Work Days Per Year
=	_____	Hours/day Communicating
x	.20	Droplr Efficiency Factor
=	_____	Hours Saved Annually

Increase Productivity Results

- **Break down communication barriers (distance, time, language and more).**
- **Focus more on the work and less on the process.**
- **Utilize team collaboration with tools that share ideas and projects in an instant.**
