

Child Care Center Management Made Easy!

“

We now spend less
than an hour to do what
used to take more than
a whole day!”

Online Software for Today's Child Care Professional

Make **scheduling and enrollment** easy.

Whether you're trying to meet your state's mandated staff to child ratio, plan for staff vacations, or find future enrollment opportunities by analyzing the past month's attendance, EZCare's got you covered.

- Manage enrollment and classroom capacity.
- Post a recurring event for any number of weeks.
- Schedule before and after-school care and drop-in care, along with regular enrollment.
- Minimize data entry by creating and applying schedule templates.
- Anticipate future availability of enrollment slots.

Make **billing and tuition collection** easy.

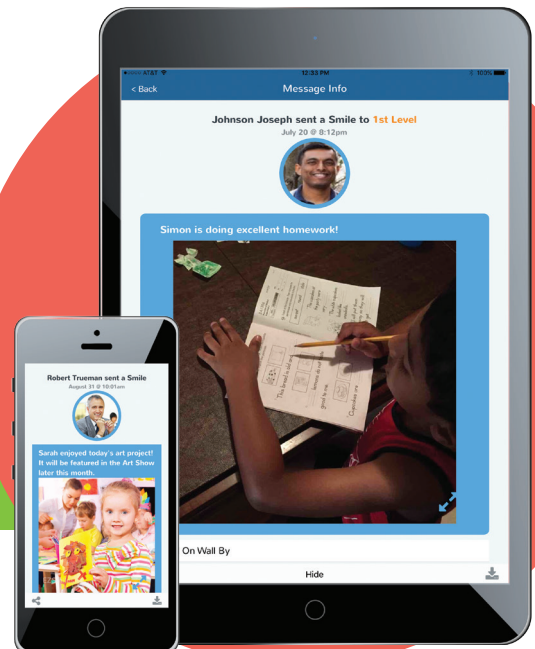

From built-in automatic billing capabilities to our full suite of integrated payment processing tools, EZCare makes billing and tuition collection a breeze. Save time by automating the administrative tasks that steal hours away from your day.

Make **staying connected** easy.

EZSmiles offers a whole new way for child care centers to stay connected with parents throughout the day. Teachers can send parents pictures, announcements, schedule changes, notes, and reminders.

Never miss a moment.

Share the happiest moments of the day with parents in real time through the EZSmiles photo sharing feature.

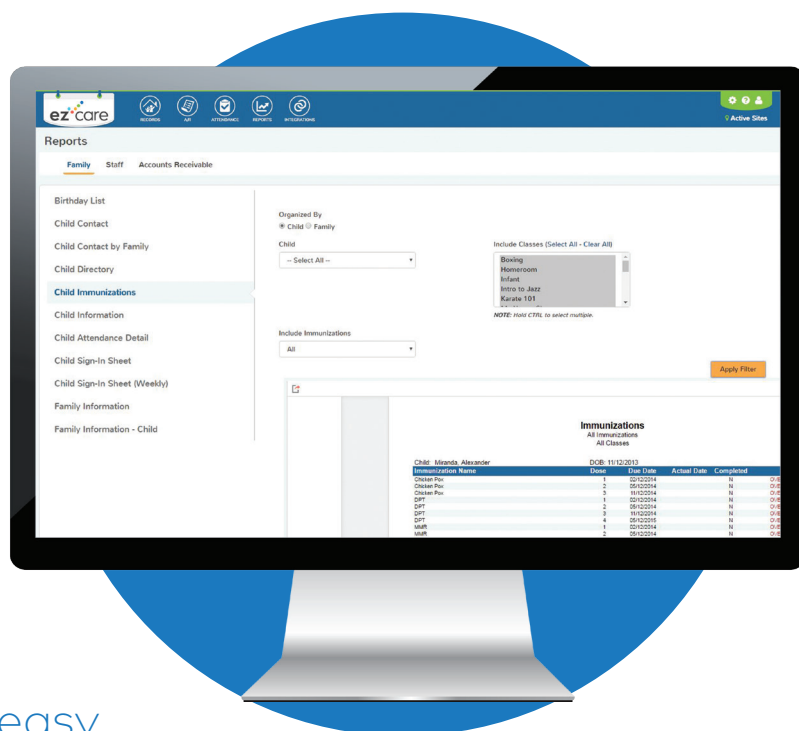

Only EZCare is backed by 30+ years of experience developing software for the child care community.

Make **staffing** easy.

You'll benefit from our complete set of tools to oversee staff development. With EZCare's staff module, you can track up to nine pages of employee data including:

- Employment and benefit data
- Performance review notes
- Medical and contact data
- Certifications and trainings
- Work schedules

Make **tracking business progress** easy.

EZCare primes your data for reporting so you can easily see the big picture and make better decisions that will ensure your center's future is brighter than ever! It also comes with dozens of useful reports that give you the flexibility to sort and filter on any field, giving you exactly the information you need.

Make **parent engagement** easy.

Give parents the ability to make a payment, view or edit child records, and access information at any time, from anywhere.

The EZCare Parent Portal is a self-service tool for parents that they can easily access from your website. Mobile-accessible and secured for payment processing, it's the fastest and most effective way to stay in touch with parents and get paid promptly.

The Child Care Community's Leading Support Team

When you get EZCare, you'll also benefit from our 30+ years of experience helping child care centers grow. Our support team consistently achieves customer satisfaction ratings far above software industry standards. In fact, our first client from back in 1985 is still a happy user.
