

Align and Engage Your Organization With an Interactive Intranet

You can talk, but are your employees listening? Not when strategic communications are trapped in inboxes or sitting unread on ghost-town intranets. Jive's Interactive Intranet brings corp comms to life, delivering compelling content and igniting company-wide dialogue that gets everyone on board.

Jive is an intranet that employees really love to use, with rich personalized experiences and a captivating consumer-style interface that drives adoption and engagement to all-time highs. It even measures the impact of your communications in real time, so you know your message is getting through.

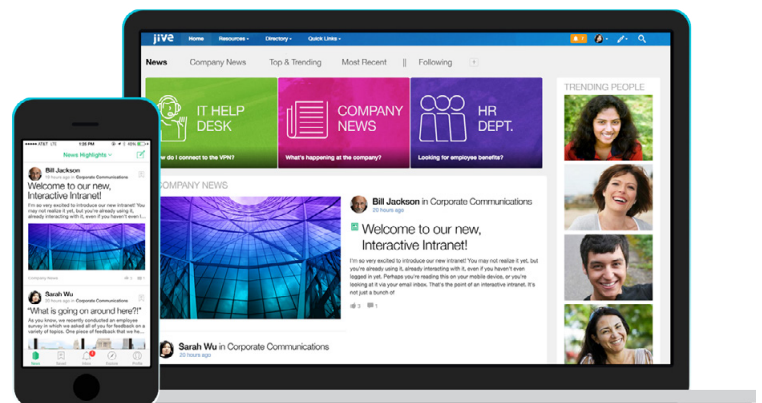

Solves Your Biggest Corporate Communications Challenges:

- **Drive strategic alignment:** turn a disconnected organization into a cohesive team where all employees contribute and share your company's vision.
- **Reach everyone:** deliver high-impact communications employees can't miss, even on the go.
- **Spark real conversation:** go beyond one-way communications with authentic dialogue that gives everyone a voice and ensures buy-in.
- **Measure your impact:** see who's reading your content, who's spreading the word and how to improve communications for greater effect.

Features and Capabilities:

- **Beautiful news page:** deliver the latest company news and announcements in an eye-catching, must-read layout.
- **Targeted communications:** get the right message to the right people with personalized news streams and auto-subscriptions.
- **Great mobile experience:** reach employees wherever they are with a best-in-class consumer-grade mobile experience.
- **Impact metrics and engagement analytics:** measure the impact and reach of your communications; track sentiment and employee engagement.
- **Executive blogs and videos:** energize executive communications with easy-to-publish, media-rich blogs and videos.
- **Commenting, liking and sharing:** social features let users spread and amplify your message.
- **Peer recognition and social rewards:** motivate and reward employee participation and contributions.

Companies using a Jive intranet:

What Jive customers are saying

"We're going through a major transformational change. Without Jive we would not be able to connect our employees to our vision and strategy."

-Head of Internal and Change Communications, Anglo American

"Jive has made a real difference at our company in a very short period of time. People feel more connected to each other. People feel like they have a voice to bring up their ideas and respond to others. Jive isn't just a platform to read, it's a platform to be involved."

- Chief People Officer, GoDaddy

"It's a wonderful broadcast tool. I can reach every employee very quickly, even from my mobile phone."

- EVP of Corporate Communications, Modern Times Group

"We've been able to align our organization with our new strategy. It's a complicated strategy and people have been able to grasp it really quickly through the use of the Jive platform."

- Head of Internal Communications, Pearson

"Jive is the place everybody goes to find each other and work with each other, and the place that we communicate to all of our 60,000 employees."

- VP of Communications Platforms, Thomson-Reuters

"Jive allows us to connect on so many levels: with leadership, with employees and with industry trends."

- Director of Internal Communications, Rovi
