

Dashboards Made Easy

Unleash the power of your data.

Like never before, ClicData will help you master the metrics of your operations, sales productivity, campaigns, ROI and KPI with actionable information that puts you ahead and accelerates your success.

Under the hood of our intuitive, dynamic dashboards is a technological engine originally designed for massive, complex data systems. Everything you need is included: from cloud-based integrated data warehousing with data history management, merges, transformations and more to drag-and-drop dashboard design that you can get up and running in minutes.

- ➔ All-in-one solution.
- ➔ Fully cloud-integrated.
- ➔ Exceptionally powerful, intelligent data warehousing.
- ➔ Automatic, customized, accurate reporting on your terms.
- ➔ Streamlined, dynamic dashboards.
- ➔ Surprisingly affordable.

FAST ANALYSIS

On accurate data in minutes with no IT help.

SOPHISTICATED

Technology behind an easy, intuitive interface.

INTEGRATED

Data merges, data transformations, filtering and more with our online data warehouse.

REFRESHED

Up-to-date reporting keeps you on the leading edge of decision-making.

AUTOMATED

Updates and alerts, customized to your liking, and provided at your desired frequency.

POWERFUL

Manage, impress and succeed with curated, filtered views, analyses and reports. The power of data visualized.

CONNECT

Our sophisticated extraction processes are built to handle tremendously complex databases, and then simplified so you get all the power with ease of use. We'll consolidate data from your numerous platforms into an intelligent, secure data warehouse — for up-to-the-minute, fresh analyses and reports — any time you need them.

CUSTOMIZE

Lay out your reports exactly as you want them. You'll design your dashboards and arrange your stats and analyses exactly as you want them — in under 15 minutes. Choose from an array of charts, tables, gauges, comments, images, info graphics and more to bring your insights to life.

ACCESS and SHARE

Access your dashboards in the office, on site, in meetings or on your mobile and get real-time insights. Deliver dynamic analyses to your clients, measure performance against key business objectives, collaborate remotely! Upload dashboards for your department, group, meeting or the general public. Powerfully manage privacy, permissions and access. Harness the power of your data.
