

Easy HR, from Pre Hire to Retire

Fed up with juggling multiple systems? Payroll vendors that don't deliver? Poor customer service? There's a better way! EPAY's seamless human capital management solution can ease your HR burden, reduce administrative costs, and even optimize your workforce.

One Seamless Platform, One Streamlined Workflow

Create one employee record, once, and it flows through our full suite of unified applications. Thanks to our single sign-on cloud platform and expert administrative services, everything is seamless, from recruiting and onboarding new hires...to benefits enrollment...to time and labor management...and onward to payroll. EPAY HCM is not only highly secure, but flexible enough to handle multiple FEINS, and calculate employee taxes across all states and local jurisdictions.

Free 24/7 Customer Support...Really!

We're different from what you're used to. We'll shower you with comprehensive customer care and 24/7 support every day of the year. We go out of our way to anticipate your needs. You'll notice the difference immediately.

Optimized Workforce Management Capabilities

What's the weakest link in most HCM platforms? Ineffective, rudimentary workforce management. Not us! Our powerful time and labor management app flexes to fit highly complex labor environments, giving you:

- Improved labor compliance, reducing violations and lawsuits
- Real-time visibility into labor hours and dollars, including reports and analytics
- Reduced labor costs—by up to 5% or more

No Mystery Fees, No \$urprises

No one likes feeling nicked and dimed. Or receiving an unexpectedly large invoice. But most HCM providers use à la carte pricing systems that result in tacked-on fees and unbudgeted charges. Consider this: EPAY customers pay one simple monthly price—a fixed rate per employee per month. Period.

The EPAY Difference

Our mission is to wow our customers by providing smart, easy-to-use HR solutions, clear value, and exceptional service. That's why we have a 99% customer retention rate.

In fact, our very first customer remains a customer today.
