

Get More Positive Reviews. Win More Business.

Making sure your company has a steady flow of positive online reviews is critical to attracting new business including:

Standing apart from
your competitors

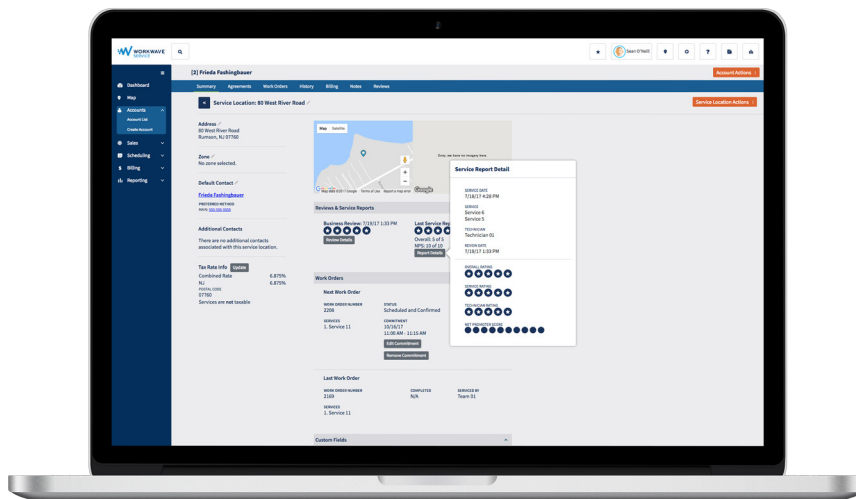

Encouraging
potential customers
to call you first

Increasing search
rank online

Quick. Easy. Affordable.

WorkWave Business Reviews gives you a quick, easy, affordable way to collect positive reviews on your website and popular review sites like Google and Yelp. Easily post reviews to your website to help you convert more visitors into phone calls and new customers. Automated email and text alerts keep you notified of new reviews so you can thank your customers and share their reviews on social media.

Did you know..

68%

of consumers

are more likely to call a local
business after reading positive
reviews online?¹

The average rating of Business
Reviews customers is

4.8

With Business Reviews You Can:

Take control of your online reputation

- Automatically request reviews from your customers – you'll get more reviews when you ask for them proactively
- Make it easy for customers to provide reviews on any device including smartphones and tablets – with no signup or login to slow them down

Win more business

- Provide website visitors with the reviews they need before they decide to call
- Get a better return on your sales and marketing investments by converting more leads

Keep more customers

- Identify at-risk customers and proactively reach out to resolve issues
- Turn negative reviews into happy customers and positive reviews

Generate more leads

- Generate more leads from external review sites
- Boost your website's ranking for local searches by including reviews on your site
