

## SUCCESS STORY

# Rub-A-Dub Plumbing Sees Incredible Savings with GPS Insight

SGI MEMBER

### Before Using GPS Insight

- > Experienced high labor costs because of overtime (on average 15hrs per week).
- > Technicians were taking inefficient routes to customer sites.
- > Unnecessary stops were made throughout the day.
- > One driver was going home and taking long lunches.
- > High fuel bills

### Now Using GPS Insight

- > Overtime hours dropped 18%.
- > Thousands of payroll dollars were saved in the first month.
- > Reduced miles driven and put an end to unnecessary stops.
- > Reinforced driver policies with telematics data.
- > Saved over \$400 on fuel bill in first month alone.
