DIGGERNAUT

WHAT IS INCLUDED

1. Diggers (scrapers) development
2. Diggers deployment and scheduling
3. Managed diggers run with process control
4. Diggers maintenance
5. Diggers fixes (if website gets changed)
6. Automated data validation
7. Data delivery to any destination

You don't need to worry about anything. All you need to do is to give us information where you want to extract data from, what exactly you need to extract, how often and where to deliver.

We will take care about the rest

WHAT IS THE COST

*It depends on many factors,
so lets look at it more carefully*

Total cost depends on compexity of source sites,
how often you want to run diggers and receive data,
how many page requests each digger do

\$50+

Depending on complexity of the source website cost may vary from \$50 to \$150.
Average cost is \$80.

Development cost includes also deployment expenses. This is one time setup fee.

\$50+

Depending on how often you need to have
diggers running and data delivered.

Once per month (or once only): \$50

Once per week (or per 2 weeks): \$80

Once per day (or few times per week): \$150

*This is recurring fee per month per each digger.
If you need just once time scrape, it will not
be recurring.*

\$0.00015

Per page/resource request

We will give you estimates on how many page requests each digger will approximately will do, so you know how much it would cost you before we start to work on your project.

HIGH VOLUME DISCOUNT

Do you have more than 50 diggers to run with us? Then we can give you special prices for everything

More diggers you run with us - better prices becomes available for you. If you are starting with lower numbers and eventually hit 50 diggers, we will automatically switch your prices to lower and vice versa. Please note that special prices are only for maintenance and resources.

\$30+

Depending on how often you need to have
diggers running and data delivered.

Once per month (or once only): \$30

Once per week (or per 2 weeks): \$50

Once per day (or few times per week): \$100

*This is recurring fee per month per each digger.
If you need just once time scrape, it will not
be recurring.*

\$0.000007

Per page/resource request

We will give you estimates on how many page requests each digger will approximately will do, so you know how much it would cost you before we start to work on your project.

THANK YOU

We hope to work with you soon
